1

DR. GHEENEY IS ALWAYS TRYING TO FIND NEW WAYS TO MAKE CLASS MORE FUN AND MANAGEABLE; TO HELP HIS STUDENTS SUCCEED IN NOT JUST HIS COURSE, BUT ANY COURSE

2

HE OVERHEARD A COUPLE OF HIS STUDENTS ONE DAY, COMPLAINING ABOUT HOW INCONVENIENT IT WAS THAT EACH OF THEIR TEACHERS HAD A DIFFERENT WAY OF TURNING IN ASSIGNMENTS

3

HE TALKED WITH A FEW OF HIS FELLOW PROFESSORS, AND THEY DECIDED TO TRY AND FIND A SITE THAT SUITED ALL OF THEIR VARIOUS PREFERENCES, TO MAKE THINGS A LITTLE EASIER ON STUDENTS

4

AFTER DOING SOME DIGGING, GHEENEY DISCOVERED WEBSITE INTEGRATION APP, HE FOUND IT HAD ALL THE BEST FEATURES OF EVERYONE'S PREFERRED SITE OF CHOICE, AND GOT HIS COLLEAGUES TO TRY IT OUT

5

THEY QUICKLY FELL IN LOVE WITH ALL THE SITE HAD TO OFFER, BUILT-IN VOICE CHAT, GROUPS, CALENDAR SHARING, AND EVEN AN OPT-IN PEER LEADERBOARD TO LET KIDS COMPETE FOR PRIZES

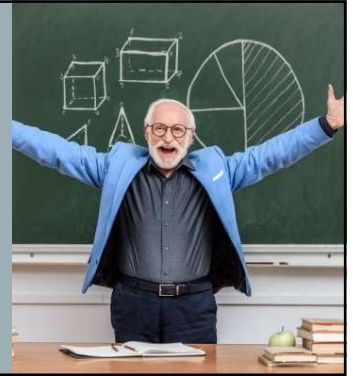

6

DR. GHEENEY AND HIS
COWORKERS NOTICED A
CHANGE IN STUDENTS
ATTITUDES ALMOST
IMMEDIATELY, EXCLAIMING
HOW NICE IT WAS HAVING
TO ONLY USE ONE SITE
FOR ALL THEIR HW & PEER
COMMUNICATION

7

GHEENEY SAW A SHARP
UPTICK IN HIS CLASS'S
SUCCESS ON GROUP
PROJECTS/HW AS WELL
THEIR SATISFACTION WITH
COLLEGE IN GENERAL
AFTERWARDS, AND KNEW
HE COULD THANK WEBSITE
INTEGRATION APP

8

Robert was at the top of his class during high school and he is trying to carry on that success through his first semester of college

He starts the semester off well, as the first week is just about going over the syllabus and there are no real big assignment

As the semester starts to pick up though, he begins to run into trouble with remembering which site he is supposed to use to submit his assignments for each class

One day he and a group of students had a conversation about how it was hard to keep up with all of their assignments plus having to worry about where they are supposed to submit them

As they were discussing about the problem, their professor overheard them and mentioned that he had found the Website Integration App which would help keeping track of where they are supposed to submit their assignments

Robert and his classmates looked into the Website Integration App and it was exactly what they needed. Now Robert can get back on track and try to continue his success of being at the top of his class for this and all of the semesters that follow

Jonathan is a student at Some University. He does his best to keep up his grades and enjoys playing games in his free time.

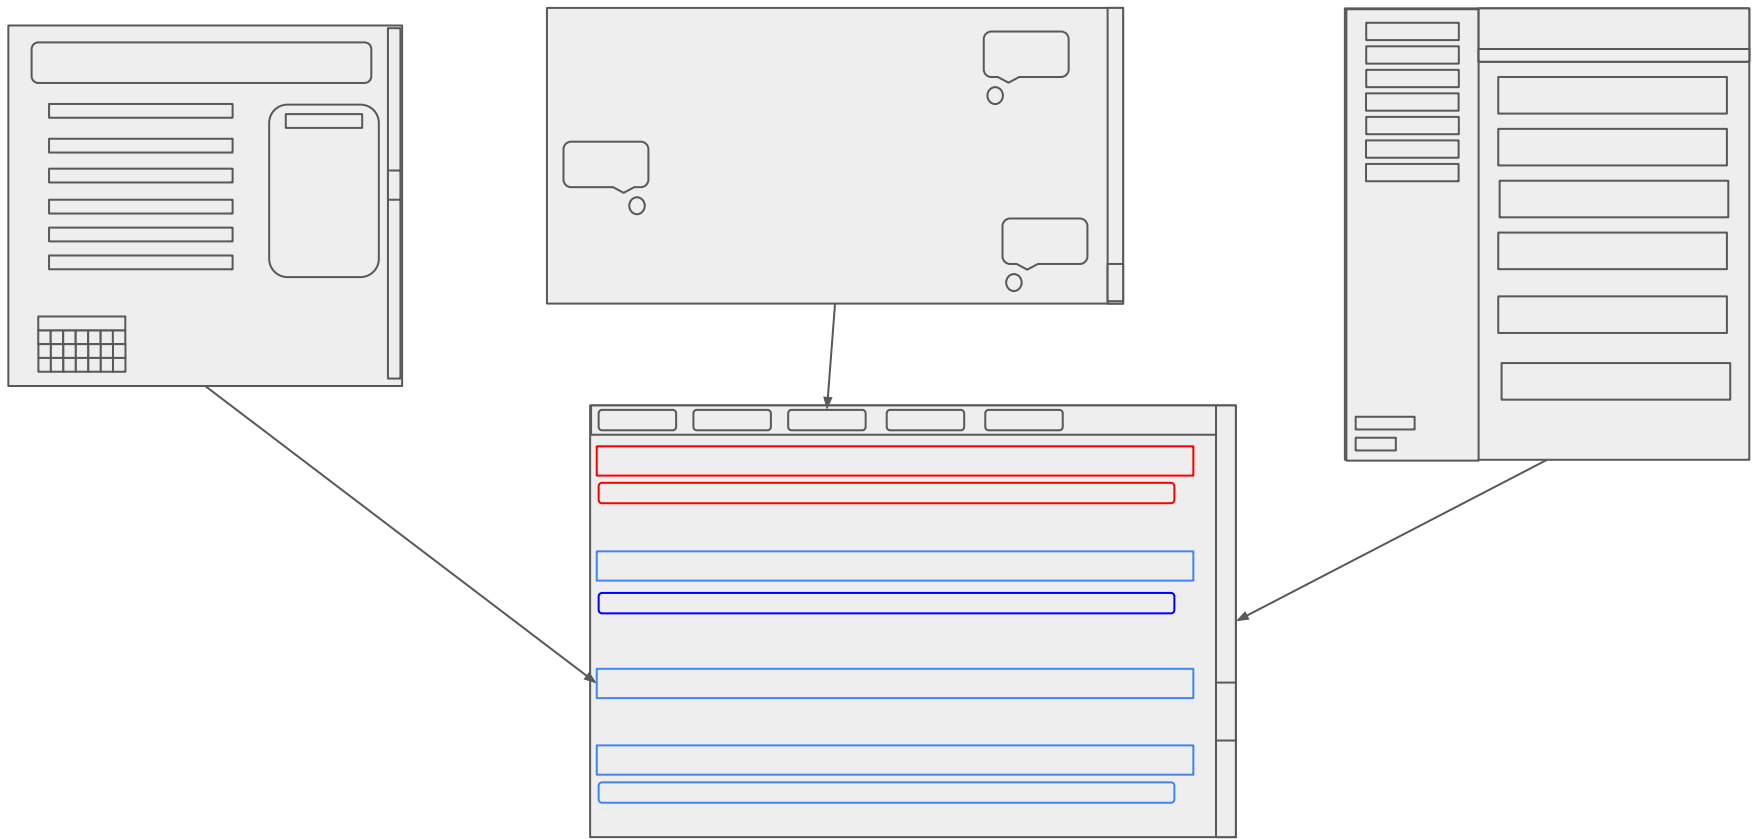

Jonathan tends to struggle keeping up with his assignments because it's hard to keep track of all the separate homework websites and dates.

The diagram illustrates a web application interface. At the top, there is a header bar containing five empty rectangular boxes. Below the header, the main content area is divided into three distinct sections, each outlined in a different color. The first section, outlined in red, contains two horizontal bars. The second section, outlined in blue, contains two horizontal bars. The third section, also outlined in blue, contains two horizontal bars. A vertical sidebar is located on the right side of the interface, featuring two small rectangular buttons. The entire interface is set against a light gray background.

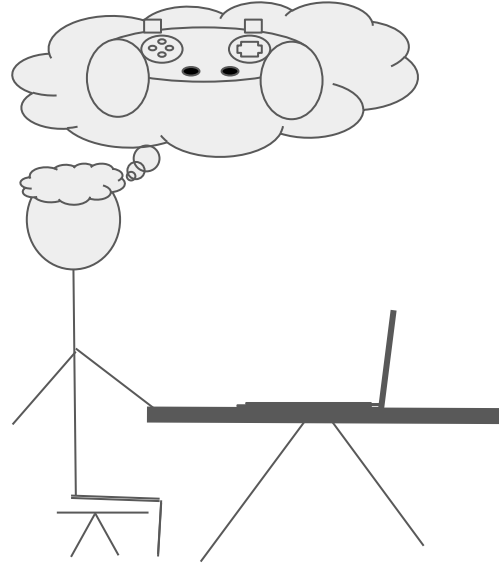

The next semester Jonathan's university starts using this new website and app that pulls together the separate teacher's assignments.

The new site even allows for communication between students, their peers and their professors.

Now Johnathan can keep up with his homework hassle free and he can contact his professors and peers with ease should he need too all from one place.

This leaves Johnathan with more time to do what he likes and less stress about assignments sneaking up on him.
